Synopsis :

Review 'This book fills a huge void of material on learning the MEL Language... A great first step for Maya users who want to make the leap to becoming Maya technical directors.'-Doug Cooper, Digital Supervisor, DreamWorks Feature Animation'Mel Scripting for Maya Animators is well written for both technical and nontechnical animators. It is an essential tool in making sophisticated animation not only possible, but also practical.'-Henry LaBounta, Senior Art Director, Electronic Arts Read more Book Description The best introductory book on Maya's scripting language now in a new edition --This text refers to an alternate Paperback edition.
